

## Overview

**CaseWORKS** is used by Executive Directors and Directors of Service for a variety of different organizations to streamline their processes. These agencies look to CaseWORKS to improve outcomes, increase operational efficiency, and drive user satisfaction. CaseWORKS is a true agency-wide solution that is configurable enough to fit your desired processes of today and adapt to your ever-changing processes of tomorrow.

## Benefits

### 1. Save Time Reporting

Reduce time for front line documentation (case notes, assessments, care plans, etc) and funder reporting

### 2. Simplify Scheduling

Easily create, review and modify staff and client schedules.

### 3. Protect Your Data

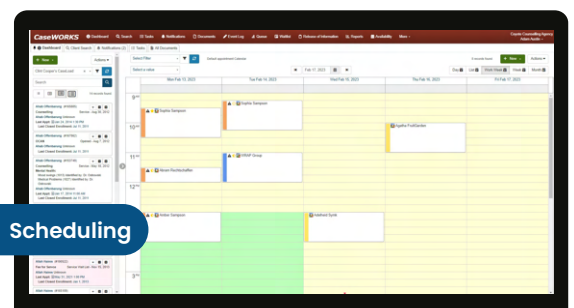

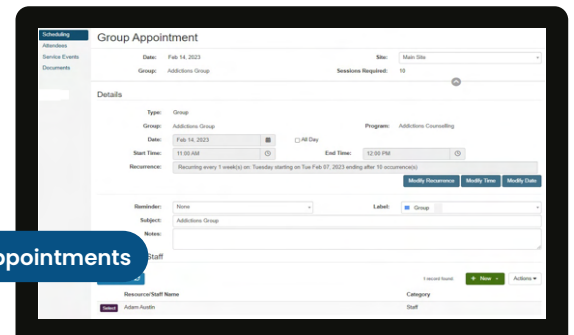

Ensure client records are secure and only accessible to relevant case workers and staff.

### 4. Track Everything

Build comprehensive case files for each client and their unique pathway through your services.

### 5. Streamline Processes

Define and automate document and service workflows

### Reporting

CaseWORKS reporting tools allow users to configure and save the reports they commonly use for quick and easy reporting

### Configuration

Configure CaseWORKS to work within your processes and culture to make it uniquely your own

### Client Modalities

Seamlessly manage case files for Individuals, Couples, Families, and/or Groups

### Document Management

Single Client View to allow for data-aware, scan, and uploaded documents to be fully accessible in one place

### Task Management

Easily review and assign tasks across your team

### Holistic Search Capabilities

Search across CaseWORKS for a single view of clients and their enrollments within programs, documents, and/or events

*"The Golden Family Center embarked on a digital transformation in the spring of 2022. We had participated in case management solution demonstrations for almost three months. And while all the solutions offered unique functionalities, it was CaseWORKS that stood out. The CaseWORKS team have provided consistent communication and instruction that is clear and in line with our organizational values. We look forward to continuing our work with CaseWORKS."*
