VITALHUB CORP.

INSIDER TRADING POLICY (the “Policy”)

1. INTRODUCTION

VitalHub Corp. as a public company has internal guidelines to control transactions involving its securities by all VitalHub Team Members (as defined below) to ensure VitalHub Team Members are aware of and comply with their legal obligations and VitalHub policy with respect to “insider trading” and “tipping”. “**VitalHub**” or the “**Company**”, as used in this Policy, means VitalHub Inc. and its subsidiaries. “**VitalHub Team Members**”, as used in this Policy, means the directors, officers, employees, consultants, contractors and agents of VitalHub, as well as their “Associates” and “Affiliates”.

We expect every VitalHub Team Member to fully comply with all applicable legal requirements, including requirements of the Toronto Stock Exchange, and this Policy. The objectives of this Policy are to:

3. OBLIGATIONS

3.1. Obligations on All VitalHub Team Members

- a) VitalHub Team Members cannot trade in securities of VitalHub, including exercising VitalHub stock options, while in possession of Material Information with respect to VitalHub that has not yet been generally disclosed.
- b) VitalHub Team Members cannot trade in securities of another public company while in possession of Material Information with respect to VitalHub that has not yet been generally disclosed and that would affect such other public company.
- c) VitalHub Team Members cannot inform other people of Material Information regarding VitalHub or any other public company before that Material Information has been generally disclosed.

- d) VitalHub Team Members must inform the CFO prior to a trade in securities of VitalHub.

The provisions of this Section 3.1 and the following Section 3.2 also apply to all family members of a VitalHub Team Member who reside with the VitalHub Team Member.

3.2. Imposition of Blackout Periods

All VitalHub Team Members are prohibited from trading in securities of VitalHub, including exercising VitalHub stock options, during “blackout periods.” Blackout periods commence at 5 p.m. (EST) on the last day of each fiscal quarter of VitalHub and will continue through the release day and for 48 hours following the public disclosure of the financial results for such quarter.

In addition, when Material Information is deemed worthy of a blackout period or anticipated to have an impact, either positive or negative, on the price of VitalHub shares after review by the Company’s Chief Executive Officer, Chief Financial Officer or another designated person, a blackout period will be instituted and continue through the day of disclosure and for 48 hours following said disclosure.

3.3. Waiver

Notwithstanding any of the prohibitions contained in Section 3.2, the Audit Committee may, at its discretion, waive the prohibitions contained in Section 3.2 in exceptional circumstances, provided that the VitalHub Team Member seeking the waiver does not have any undisclosed Material Information and that making such an exception would not violate any applicable securities laws. All requests for waivers pursuant to this section 3.3 shall be made in writing, shall contain a certification that the requesting VitalHub Team Member does not have any undisclosed Material Information, and shall be addressed to the Chair of the Audit Committee.

3.4. No Speculating

Purchases of securities of VitalHub should be for investment purposes only and not short-term speculation. This includes all dealings in puts and calls, all short sales and all buying or selling on the market with the intention of quickly re-selling or buying back at a profit. In addition, there should be no trading in securities of other companies with the knowledge that VitalHub is contemplating or engaged in acquiring such company or its securities or negotiating significant business arrangements. VitalHub also strongly discourages VitalHub Team Members from making purchases using “margin loans” in order to remove the risk of their being put into a difficult situation as a result of a margin loan shortfall (margin call).

3.5. Discretionary Account

If any VitalHub Team Member has a discretionary account with a broker or other investment manager (i.e. the broker or other investment manager has a certain amount of discretion to buy and sell stock on behalf of the VitalHub Team Member), they must be advised in writing that there are to be no purchases or sales of the Company shares in the discretionary account without first discussing it with such VitalHub Team Member in order to ensure compliance with this Policy and applicable insider trading laws.

3.6. Insider Reports

Under Canadian securities laws and VitalHub policy, Reporting Insiders are required to file a report (the “**Insider Report**”) with securities regulators any time they trade in shares, debt securities, options (including the grant and exercise of options), deferred share units or restricted stock units of the Company (which involve the issuance or potential issuance of securities from treasury). Reporting Insiders must file an Insider Report electronically through the “System for Electronic Disclosure by Insiders” (“**SEDI**”) within 5 days after each trade.

3.7. Confidentiality

In the course of conducting business, VitalHub Team Members may be in possession of information which may be of a market sensitive nature. Access to such information must be limited strictly to those persons who require it in order to perform the duties expected of them. Precautions must be adopted by each VitalHub Team Member to ensure that sensitive information within their department is not available or accessible to individuals inside or outside of the Company who have no requirement for such information. VitalHub Team Members are reminded to review the VitalHub Corporate Disclosure and Confidentiality Policy for further information.

3.8. Automatic Plans

Trading restrictions during blackout periods will normally not be applicable when the VitalHub Team Member has entered into a plan allowing him or her to purchase or sell Company securities on an automatic basis according to a pre-established set of instructions with respect to timing and price, regardless of whether a blackout period may be in effect and regardless of whether the VitalHub Team Member may be in possession of material undisclosed information about VitalHub at the time of such purchase or sale.

These plans must be preapproved by board of directors of VitalHub, acting in its sole discretion, and must meet the following conditions:

- At the time the plan is entered into, (i) the VitalHub Team Member is not in possession of any material undisclosed information relating to the Company;
- Trading parameters are clearly documented in writing at the time the plan is established;
- The plan contains meaningful restrictions on the ability of the VitalHub Team Member to profit from material undisclosed information by varying, suspending, or terminating the plan;
- The plan provides that the broker may not consult with the VitalHub Team Member regarding any sales under the plan and that the VitalHub Team Member cannot disclose information to the broker that might influence the broker's execution of the plan; and
- The plan was entered into in good faith.

Plans of this nature include automatic securities purchase plans, dividend reinvestment plans and automatic pre-arranged sales plans structured in compliance with applicable securities laws. It should be noted that the insider reporting obligations discussed above continue to apply in respect to these plans, subject to certain exemptions.

4. MISCELLANEOUS

4.1. Potential Civil and Criminal Penalties

The consequences of prohibited insider trading or tipping where required on a timely basis can be severe and may include dismissal, fines and criminal sanctions.
